EXPERIENCE

UX/UI Designer

Kuźnia Zdrowych Nawyków

September 2021 - Currently

I support Kuźnia Zdrowych Nawyków, a non-profit organisation promoting a healthy lifestyle, as an UI designer in the redesign of their website.

Plantea

December 2020 - Currently

Plantea is an iOS mobile app that helps users take better care of their houseplants. It's a personal project that I am developing as a team with my boyfriend. I am responsible for all of the stages of an UX /UI process and he is responsible for the development.

E-commerce website design

April 2021 - May 2021

During the work on the stationery website redesign, I was responsible for some of the early stages of the UX design process and for creating low-fidelity wireframes.

Twój Psycholog

December 2020 - March 2021

At Twój Psycholog, a startup and website dedicated to promoting mental health, I was responsible for redesigning existing UI components and designing new UI elements for the website.

Intent

October 2020 - December 2020

During this time I was participating in UX/UI mentoring program.
