European Volunteer Team

Team of Volunteers for Heritage – Strollad Ar Glad

July 02th – August 31th 2018 (2 months)

Region of Brittany - France

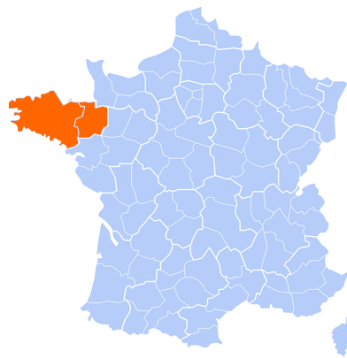

<p>Context</p>	<p>Etudes et Chantiers is a non-profit making organization which develops environmental and heritage conservation projects, through different actions and publics: inclusion work, training work, voluntary work and other actions of sustainable development in rural areas.</p> <p>For this voluntary project, a group of 12 European volunteers and 2 French volunteers will be hosted. This team will take part in the enhancement of the build heritage through technical and educational activities. A turnover among the volunteers will offer them the opportunity to develop their competencies in both fields.</p> <p>The volunteers will have the chance to work in two countries “Ille-et-Vilaine” and “Finistère”. That will be the opportunity to discover local culture and people.</p>
<p>Aims of the project</p>	<p>Our organization aims to raise people awareness about our heritage which also vehicles social connections. Built heritage is a great medium to share and federate people on the history of a territory and its people. Heritage also reflects the cultural diversity of our European communities. The main goal of this project is to make the ‘heritage’ topic more accessible to young people in order to develop the participation of everyone to its conservation.</p> <p>The team of volunteers will take part to several kind of activities :</p> <p>A/ Technical activities: Conservation work of built heritage on different supports and using different techniques. The activities will be supervised by the technical leaders of the organization.</p> <p>B/ Educational activities: Animations and awareness of the preservation and enhancement of Breton heritage, opening up to European heritage and culture among different audiences (young people, local population, tourists). Those actions will be according to the interests of young people and can take different forms (stand on market, videos, exhibitions, etc.). A time will also be dedicated to the discovery of the specificities of the region (educational farms, cultural visits ..)</p>
<p>Volunteers profil</p>	<p>The team: 2 French volunteers and 12 European volunteers</p> <p>Period : July 2nd – August 31th 2018</p> <p>Being a volunteer requires the appropriate profile, commitment, sense of responsibility, open minded and availability for the whole duration of the project. Willing to live a collective experience.</p> <p>The volunteers will have to deal with a mixed group of different nationalities and create relationships with local communities.</p> <p>Physical ability and interest to do outside work</p>
<p>Activities</p>	<p>The team of volunteers will be supervised by a professional technical leader on all supports which involved specific skills. The volunteers will work from Monday to Friday, around 30 hours a week. Depending of the opportunities, a time will be spared to discover the region. The volunteers will have days off between the activities.</p> <p>A. <u>Built heritage technical works</u></p> <p>1.
